

"We always enjoy attending the Clergy Tax Seminar provided by the United Methodist Foundation. It's a great refresher course and helps us keep up-to-date on the ever-changing tax laws and situations that are unique to clergy families. Their legwork has saved us countless hours trying to figure out 'what goes where'!"

"Special thanks to the United Methodist Foundation for the Tax Seminar! While I have a tax professional prepare my taxes because of the complexity of clergy tax law, this was very helpful in helping me prepare for the new year. It was very informative on several levels and will help me think about what I need to make sure I am documenting, taking advantage of investments, especially retirement funding, and minimizing my tax responsibilities. The seminar is very valuable and worth the investment of time and money to be a part of it."
